

P906 - A2 Gas Filter Universal Tread

Collection: Respiratory Protection

Range: PPE

Materials: ABS

Inner Pack: 6

Outer Carton: 36

Product information

The P906 filter is an anti-gas filter that protects against contaminant gases. It is equipped with a standard threaded connection conforming to EN 148-1 and can be used on full face masks equipped with the same standard connection. This gas filter protects from organic gases and vapours where the boiling point is higher than 65°C. Classified as a class 2 filter, it can be used to protect against harmful substances, solvents and gases.

Respiratory Protection

Introducing the new PW Safety range of Half Masks and Full Face Masks designed to offer the most comfortable and best fitting products in the marketplace. Conforming to EN standards EN136 (Full Face Masks) and EN140 (Half Masks). Complete with a full range of interchangeable filters.

PPE

Portwest Head PPE range apply the latest updated standards, to offer the highest level of protection. Moreover, comfortable and light-weight PPE ensure a pleasant wear even for long hours of use. Your safety is our mission.
